

Partnership Learning

Statement of Vision and Purpose

The Trust's aims are:

- to transform young lives through high quality education and strong values; and
- to support and empower personal and community well-being;

by

- establishing great new schools;
- transforming under-performing schools;
- ensuring its schools achieve and maintain excellence; and
- collaborating with local partners to strengthen communities

The Trust:

- seeks to achieve its vision through establishing new schools, transforming under-performing schools and working with existing good schools;
- values the individual character of its schools and their leaders, whilst encouraging and facilitating the development and deployment of effective common strategies to ensure that all its pupils thrive within well-structured, safe and aspirational environments;
- takes responsibility for challenging under-performance and driving improvement, whilst supporting its schools and their leaders through collaboration and effective use of combined financial and human resources;
- has particular expertise in providing excellent outcomes within disadvantaged communities, using strategies that work across the socio-economic spectrum.
